## A comprehension about Events

### Paper presentation

It is a formal stage to present your ideas .Present your innovative, creative, studies in a conclave of civil engineers. There will be two stages of selection.

### Conference

A conference to present your research works based on the topic “Emerging trends in Civil engineering”. There will be two stages of selection.

### *Title event: MR. AND MS.#HESTIA'18*

The objective of the event is to test the planning, drafting, marking, and other skills of the participants will be examined in 4 stages of selection and two winners will be selected from each gender and will be titled as Mr. and Ms. Hestia'18.

### Visionary Fabricator

Are you good at explaining civil engineering concepts with the help of models? Here is the chance! Construct a civil engineering model in situ which must be relevant to the given civil engineering structure.

## Treasure trove

Engineering is an art of solving problems. Are you good at Decoding puzzles particularly civil engineering puzzles? Here is the game just for explorers like you! Solve the path and find the hidden treasure trove.

## Find your partner

A partner is like an admixture to a concrete. "Find your partner" tests your team's synchronisation. Do you have one such partner? Participate let's find it

## Dare Room

Are you a person of talents or a person who dare to do anything?

Let's find out.
